

ENVIRONMENTAL POLICY STATEMENT

Palmaris Services Ltd provides facility management services including: manned guarding, key holding, CCTV monitoring services, cleaning services and technical maintenance services and security system installations to industrial and commercial factories and organisations, general offices, construction sites, education and health premises, and also retail and commercial distribution warehouses.

We operate in accordance with BS EN ISO 14001:2015, SIA Approved Contractor Scheme, relevant British Standard Codes of Practice, applicable police force response policies to security systems, all relevant British standards and current and appropriate legislation and regulations. All areas of compliance will be reviewed during periodic management reviews.

The directors and senior management of Palmaris Services have established this environmental policy and along with all the employees of our company, are fully aware of their responsibilities and their individual contributions to the environmental management system and share a common aim with regards compliance and this policies commitment to the protection of the environment, including prevention of pollution.

Measurable environmental objectives have been identified against any significant environmental impacts of the business. Refer: Document QD.03 of the quality manual.

We are committed to continual improvement and by carrying out internal audits, environmental impact assessments and management reviews we will identify areas of non-conformance, monitor, measure and establish new objectives appropriate to improving our environmental performance.

The Compliance Manager has responsibility and authority to promote and maintain this policy throughout all aspects of the organisation and ensuring the culture of environmental protection in place is likewise maintained.

This policy will be communicated via internal notice boards, induction training and the company website

Chris Nugent
Managing Director
